

## **U.S. Colleges and Universities with Smokefree and Tobacco-Free Policies**

*July 1, 2012*

While it has become relatively common for colleges and universities to have policies requiring that all buildings, including residential housing, be smokefree indoors, this list only includes those colleges and universities with entirely smokefree campuses.

**+ = 100% Tobacco-Free campus (no forms of tobacco allowed). Otherwise policy is smokefree only (other forms of tobacco allowed).**

There are now at least **774** 100% smokefree campuses with no exemptions. Residential housing facilities are included, where they exist. Of these, **562** have a 100% tobacco-free policy.

**Please note, these policies have been enacted but are not necessarily yet in effect. Please contact the school itself to verify the status of its policy.**
